Case Description

Description I submitted form 471 # 161062100 and form 471 # 161062060 in 2016, but I don't believe I ever got a funding commitment decision letter for either of them. This was at the time of your changeover from your old system to your new system and I was quite confused about the process. I realize that I should have followed up sooner, but can you tell me if there were funding commitment letters generated for those forms 471(s)? And if there is any way I can still complete the rest of the steps required to receive the funding? We did obtain the services listed and have paid for them in full.
Thank you for your help on this!
